Subject: Support for OSCs responding to Durango Mine incident

Service desk,

You are authorized to disable LACS on the workstations of personnel responding to the Durango Mine incident if you feel this is the quickest way to get them up and running.

Please keep a list of anyone thus disabled so we may re-evaluate where we stand on this Monday, August 11, 2015.

Please direct any questions to me, Grant Adams, Adrea Young, or Matt Duran.

John "Tony" Jordan
